**MainStage Summer** is a two-week workshop. Students rotate through classes of drama, music, dance, and set construction taught by professional artists. Students may select a theater 'emphasis' that allow them extra time each day in the discipline of their choice. The multi-disciplinary nature of the program allows each child to shine both behind the scenes and on stage. Students develop a strong ensemble that fosters self-confidence and lasting friendships. This workshop culminates in two performances of a spectacular show for family and friends.
