THE WORLD'S FUNNIEST BUBBLE SHOW
January 15 – March 18, 2012

"The Greatest Bubble Show On Earth: A really good time!"—Linda Ayres-Frederick, SF Bay Times
"Oddly enough, one gets the feeling that a lot of adults in the audience wish they were small enough to be called on as volunteers."— George Haymont, MyCulturalLandscape.com

(San Francisco, CA – December 19, 2011) **The Marsh** Berkeley is thrilled to announce the eleventh extension of **The Amazing Bubble Man (aka Louis Pearl)** in **The World's Funniest Bubble Show**. All shows are on Sunday (except Saturday January 21) at 11:00 am. For exact dates, see below. This extraordinarily popular show first charmed **The Marsh** stage more than three-years ago and remains continually sold out! Packed with fun stuff, it makes a delightfully inexpensive family outing.

All kinds of extraordinary things happen, such as flying saucer bubbles, square bubbles filled with fog, universe bubbles with orbiting planets and bubble chains that look like centipedes. There's lots of audience participation and some lucky kids will find themselves inside bubbles, while others will get to eat them. Warning: expect lots of excitement and laughter. **Pearl**, a resident of Sebastopol, has been bubbling professionally since 1980.
